Department of Electronics and Telecommunication
Report on - InnoQuest 2024-25

Title: InnoQuest 2024-25 a Mini Project Exhibition/Competition

Date: *4th Oct 2024*

Time: *9am to 4pm*

Venue: *Lab 4, Lab 6 , 1st Floor, C wing*

Target Audience: FE/ITI/SE EXTC/BE EXTC

No. of Participants Present: *51*

Faculty Coordinator: Aparna M. Telgote

Objectives:

- ❖ **Showcase Creativity and Innovation:** Provide a platform for students to exhibit their creative and technical skills through innovative mini projects.
- ❖ **Encourage Practical Application:** Inspire students to apply theoretical concepts learned in the classroom to real-world problems, fostering practical understanding.
- ❖ **Inspire Younger Students:** Motivate first-year and ITI students to explore the field of electronics and telecommunications, igniting their interest in engineering projects.

Outcomes:

- ❖ **Diverse Array of Projects:** The exhibition featured a wide range of projects, showcasing the creativity and versatility of students across various technical domains, from electronics to telecommunications.
- ❖ **Interactive Discussions:** Students, faculty, and management engaged in meaningful discussions, promoting a collaborative learning environment and facilitating the exchange of ideas.
- ❖ **Inspiration for Younger Students:** The projects served as an inspiration for first-year and ITI students, sparking curiosity and motivating them to explore the exciting realm of mini projects.

Detailed Report:

The Department of Electronics and Telecommunication Engineering (EXTC) at Don Bosco Institute of Technology (DBIT) proudly hosted the SE and TE Students' Mini Project Exhibition 2024-25 on October 4, 2024. Held at the C Wing, 1st Floor, EXTC labs in Kurla West, Mumbai, this event was a remarkable showcase of student creativity and technical expertise.

Event Overview

The Mini Project Exhibition served as a dynamic platform for Third Year students to present their innovative mini projects. It combined a competitive atmosphere with an interactive exhibition, fostering open-ended discussions and highlighting the immense potential of student work. The event also aimed to inspire first-year and ITI students to engage in problem-solving and apply theoretical concepts from their studies to practical scenarios.

Prizes and Recognition

A total of 12 teams from EXTC participated in the exhibition. The event concluded with a prize distribution ceremony held in Monidini Hall, 4th Floor, C Wing, to recognize outstanding projects. The top teams were awarded exciting prizes to honor their dedication and innovative spirit.

Winners

1. 1st Place:

Project: Non-Invasive Blood Glucose Monitoring System

Group No: 4

Members: Prathamesh Kurdekar, Jero Royston Poobalarayan, Nisha Snigh, Yashi Nimje

2. 2nd Place:

Project: Mining Safety and Monitoring System using STM32

Group No: 9

Members: Aftab Shaikh, Aditya Puneekar, Umair Shaikh, Sarvesh Thorat

3. 3rd Place:

Project: Water Cleaning Robot

Group No: 3

Members: Gopal Jha, Jasmit Ganvir, Omkar Dhebe, Nomaan Choudhary

4. 3rd Place (Tied):

Project: Secure Package Reception Box

Group No: 7

Members: Jaden Fernandes, Ayush Gajbhiye, Priyanshu Sakharkar, Soham Ghadigaonkar

Overall Geeat Experience	
Good team dedication	
The project was good Loved it	
Very nice can take it further	
I like this event so much the presentation was very nice	
I like this event so much the presentation was very nice perform ❤️	
Good 👍	
Great	
It was helpful to learn and understand the new ways to use comps and IT in an innovative way

10/8/24, 4:13 PM Feedback Form(InnoQuest2024)

It was really innovative
It'll be very much useful once used in commercial purposes
Pretty good
Very informative
No comment but camera also included in this circuit to detect persons
The project was very good I personally like it as it helps the farmers
There can be sensor based closing and locking of doors to avoid further problems that are caused due to time based locking
The project was good we see that there will be major increase and help for the farmers it also depends on the porosity we see that there were many concept related to resistance and some other topics covered effectively
Best in innovations
